DECLARATION PURSUANT TO 35 USC 202(c)(6)

As the below named soled inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name;

I made and conceived the invention described and claimed in patent application Serial No. 10/708,217 filed in the United States of America on 17 February 2004 and entitled **SYSTEM AND METHOD FOR AIRCRAFT CABIN ATMOSPHERIC COMPOSITION CONTROL**;

I made and conceived this invention while employed by Gulfstream Aerospace Corporation. The invention is related to the work I am employed to perform and was made within the scope of my employment duties. The invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of Gulfstream Aerospace Corporation. To the best of my knowledge and belief, the invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the half of the United States Atomic Energy Commission or its successors, the Energy Research and Development Administration or the Department of Energy. The invention was not made (conceived or first actually reduced to practice) under, nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
